# Who we are? The restaurants:

KLE is about fine-dining in an informal setting. We offer a plant-based menu in a welcoming and vibrant dining room using local produce as our canvas. It has a Red and Green Michelin Star and is considered a worldwide pioneer regarding the plant-based cuisine and leadership practices.

DAR is a vibrant and colorful space. We offer a sharing experience with fresh modern dishes and drinks inspired by "Al-Andalus" times, when Spain, Portugal and North Africa shared cultures under a common dynasty. It has a Green Michelin Star.

CØR is a relaxed place to go to enjoy great wine, delicious food, and, most importantly, wonderful company. We offer the finest biodynamic wines, tapas, and pintxos to bring you the richness and diversity of Spanish culture in the heart of Zurich.
